

## Specifications

---

Enjoy all of the Goldtouch features you've come to love — and more — with the second generation Goldtouch V2 Adjustable Comfort Keyboard. Experience a better way of working with a keyboard that fits to your unique body and typing style.

The Goldtouch V2 Adjustable Comfort Keyboard -PC& Mac Compatible (USB) is **Space saving:** This compact keyboard will fit nicely into limited spaces, reducing shoulder abduction when reaching for mice and other peripherals.

**Complete Adjustability:** With 0°-30° of adjustments on the horizontal and vertical

planes, the Comfort Keyboard will straighten your hands, wrists, shoulders, and back, helping to prevent carpal tunnel syndrome and other RSIs. **Two feet at front provide a negative tilt option**

**A better typing experience:** With soft keys, a low activation force and full key travel distance, reduce the risk of "bottoming out" while typing.

**System Requirements:** compatible with the following operating systems: Windows 2000, XP, Vista, Windows 7, and Windows 8. Mac OS 10.4, and newer

**Dimensions:** Width: 410mm. Depth: 172mm. Height at home row: 30mm

**Code** 22CGV2
