

Specifications

Penclic releases the Nice Touch, an intuitive touch pad with scroll and click keys that combines smart ergonomics, sleek Scandinavian design and high-end functionality that is the hallmark of the Penclic product line. Their latest addition is designed to pair perfectly with the Penclic Mini Keyboards, but works universally creating a familiar centralised position where your hand rests easily on the Nice Touch's soft surface. Simple and easy to use, the Nice Touch's intuitive touch pad and quiet-touch keys offer a comfortable way of working when spending long hours in front of a computer.
