PROWITE Porcelain-Enamel Whiteboards

PROWITE Porcelain-Enamel Whiteboards

Highest-quality whiteboards with a porcelain enamel surface. Available in many sizes, plain or printed...

PROWITE™ porcelain-on-steel whiteboards are the ultimate in dry-erase writing surfaces. Fired at 800°C during production they have an exceptionally hard, smooth surface finish with a 25 year guarantee. PROWITE™ whiteboards are first when it comes to premium lightweightness and strength.

They are the ideal choice for high-use situations like in classrooms, as constant writing and rubbing **will not** scratch or wear out the surface. They're also perfect for interactive whiteboard (IWB) setups where a flat surface is needed and a stylus or electronic pen is often used.

The PROWITE™ porcelain surface is also ideal for *laser-etching* (printing). See [laser-etched whiteboards](#) to find out what we can do.

Features include:

- Smart aluminium frames
- Galvanised steel backing
- 25 year guarantee on enamel surface
- Fixing kit included
- FREE pen tray with all whiteboards

SIZE RANGE

CODE	SIZE (mm)	CODE	SIZE (mm)
0203PE	200x300	0918PE	900x1800
0406PE	400x600	1212PE	1200x1200
0606PE	600x600	1215PE	1200x1500
0609PE	600x900	1218PE	1200x1800
0612PE	600x1200	1221PE	1200x2100
0909PE	900x900	1224PE	1200x2400
0912PE	900x1200	1230PE	1200x3000
