

Specifications

The VIP3 lifters perform to the V3 specification with the added benefit of palm rests. The palm rests cannot be add-ons to V3. Integrated, padded palm supports ensures that wrists are neutral while resting. Use with or without the pivot/tether.

Dimensions with lift accessories installed:

Depth 254mm

Max height at 15 degrees slope, 75mm

Max height at 10 degrees slope 58mm

Max height at 5 degrees slope 39mm
